

THE SEVILLE JOURNAL

Sentinel readers: Do you appreciate the Seville correspondent, Mrs. L. H. Brotha? If so help her win one of the grand prizes given away by the Sentinel, by giving her your subscription and votes and she will give you a ride in her new Chevrolet.

Weather, permitting, all good roads will lead to Seville in a very short time now. Get ready for the chautauqua—21st to 25th.

A Mr. Someby had a cow on exhibition in a tent on school grounds on Friday evening, that had five legs, three tails and double shoulders. I don't know how many legs and tails were sewed on, as I did not see the cow.

The Sterling band will give a concert in Central park next Thursday evening, and the members of the Epworth League of the Methodist church will serve ice cream and cake during the evening.

Men and mules ran for shelter on Saturday afternoon about 5 o'clock. It was as dark as a cellar full of black cats and the rain just poured down for a little while. You could not see what your neighbor was doing across the street.

S. H. Rohrer, state inspector of roads of Medina county, reported on Monday morning that weather permitting, the Medina pike will be finished to the corporation line by Wednesday evening. Last Saturday over four hundred barrels of cement were hauled, making nine hundred square yards of ten-inch concrete laid for Saturday. As soon as they finish the Medina pike the concrete machine will be moved near Creston, where the grading has been done, and will finish up there. The contractors seem to be hustlers and won't stand for any loafing on the job.

The Cleveland Southwestern electric line changed time again last Sunday and more cars taken off. Get a new time table and look it up. If you miss a car you will have a good long wait for another, especially on the Wooster line.

Picture show and orchestra concert next Saturday night.

Mallet Creek

Those attending church Sunday evening were given a musical treat, the music being furnished by John Beck, an old York boy, and Everett Randall, both of Medina; Mr. Beck, organ and piano, and Mr. Randall in vocal and cornet solos. As we noted the ability of Mr. Randall as he sang and played the cornet, we could not help but think back to the time when his father, Ralph Randall, some 20 years ago, showed his ability as teacher in the York schools, having taught here some seven years in succession. Come again, boys.

Uncle Harmon Seeley, who has been under the weather for a couple of weeks due to his fishing too long at the Lester dam and catching more cold than fish, is much improved at this writing.

Our Y. M. C. A. ball team showed the Litchfield Y. M. C. A. boys how to play ball Saturday, on the York grounds, and it only cost the Litchfield boys 5 to 1, in favor of York, for their lesson. But our regular York team went over to Poe to show them a thing or two the same day and got Poe-ed 3 to 2. It's a little strange that our boys can beat the Indians here at home, and then go over to a little neighbor's and get it in the neck that way. But such is life in base ball.

Albert Waltz of Mt. Dora, Florida, is taking a few weeks vacation here with his wife and daughter, Florence, among their relatives and friends. Mr. Waltz hasn't been North for about nine years, but he looks the same as of yore, only that he carries considerable more flesh, undoubtedly due to a Florida diet of opossum, oranges, and other good things. Mr. Waltz says he enjoys the best of health in Florida, and hasn't lost three hairs from the top of his head since he left Ohio. Well, he may be right, for three from nothing would leave nothing, but—a shiny bald head. Mr. Waltz with his family, will return to their home in Florida some time next month.

J. C. Bricker is clerking in the Stone store while one of the "Bobs" is on his honey-well, now, I got as far as the "moon" and have to stop for the want of information. Perhaps it may do to just call it vacation. Well, it seems kind er nater'l, to see Joe behind the bars—or rather, we mean, the counter.

Mrs. Lieblein and daughters went to Cleveland last week to visit relatives, but were called home Thursday night by the arrival of Mrs. Lieblein's sister, Mrs. John Parker of Berea. Mr. and Mrs. Rudolf were also week-end visitors at the Lieblein home.

Rev. Linard goes to Conference at Sabina, O., next Tuesday.

Sunday school convention in York Community church day and evening, Sunday, Aug. 14.

Sunday school picnic on church lawn, Saturday, the 15th. All invited. The Stone store and postoffice was burglarized Tuesday night, though not much of value was taken. The thief entered through a rear window cutting off the electric light connection before beginning actual business. Two watches were taken, a few stamped envelopes and some registered mail removed from a mail sack. The proprietor of the store had taken the day's receipts home with him when he left for the night.

Chippewa Lake

Miss Reba Ritter went to Akron last Saturday to spend a week visiting her friends.

Mrs. C. L. Bart was taken to the hospital at Lodi last Thursday, where she underwent an operation for appendicitis Friday. She is reported as getting along nicely at this writing. We suggest that all her friends remember her with a post card this week.

W. A. Warner sold his 45-acre farm west of town at auction Monday afternoon. Wm. Ruder bought it for \$5,750. This is an excellent little farm in every way and had been extensively advertised and many predicted it would bring a much higher price, but it seems the price of farm produce is affecting the price of farm lands and with a vengeance.

Mr. and Mrs. Earl Caskey and daughter Neva were in Cleveland Monday.

We are glad the Sentinel has the enterprise to go after the subscription-getting business. We can just as well have a little contest of our own here in Medina county as to let the city folks have all the fun, and the subscriptions too. We think the winners will be well repaid for the time and effort they put into it.
